have, must read Von Erich W. Hervorragende Artikel. Ohne das bliche langwierige Blabla drumherum. Kann man wirklich nur empfehlen! Etwas Vorwissen sollte man allerdings mitbringen, als Laie versteht man wahrscheinlich nur Bahnhof.

Kurzbeschreibung Note: Currently, Kindle Magazines doesn't support certain formats (Mac and PC) with subscriptions. However, these formats are supported when purchasing individual issues. Until this situation is resolved, 2600 is providing each individual issue here as a Kindle Book and at the -set individual issue price. We hope to see subscriptions enabled soon on these devices and will keep our readers informed every step of the way. 2600 Magazine is the world's foremost journal on computer hacking and technological manipulation and control. Published by hackers since 1984, 2600 is a true window into the minds of some of today's most creative and intelligent people. The de facto voice of a new generation, this publication has its finger on the pulse of the ever-changing digital landscape. Available for the first time in a digital edition, 2600 continues to bring unique voices to an ever growing international community interested in privacy issues, computer security, and the digital underground.
