Mary Becomes RealVon Ein KundeAs a Catholic, devotion to the Mother of God has always been a comforting and joyful part of my spiritual life. In some circles, however, the image of Mary has become remote and difficult to relate to - almost too perfect to be real. This book allows Mary to become real through use of the scriptures and by fleshing out details of what life must be been like for her. The daily meditations give us a chance to become more thoughtful and reflective and, in short, better people. This is what the intercession of Mary and the example of her life has always been about - bringing us closer to God and closer to what He expects us to be.0 von 0 Kunden fanden die folgende Rezension hilfreich. An excellent guide to spiritual evolutionVon Ein KundeThis book has many good purposes. 1- to

know more of how Mary is involved in our lives. 2- shows Mary as a human being just like us. 3- if you are not a Marianist, you can also learn to live the Christian life from this book by Mary's example. The reading is simple and blunt, and helps us grow a little each day in love and humility. 0 von 0 Kunden fanden die folgende Rezension hilfreich. For She is our planet, and we are part of her, blessed be....
