more than just the most popular Bible stories. This book goes straight through the Bible in short 2-3 minute stories, with two simple questions at the end of each. My 4-year-old begs me to read it to her each night. I let her pick out a few from anywhere in the book (usually chosen because of the pictures), which I read. Then I read 2 or 3, going through the book in order. This way, she gets to satisfy her curiosity about some of the pictures that have intrigued her, and I get the satisfaction of knowing that she's getting the full picture of the Bible, by reading straight through. Very highly recommended! 3 von 3 Kunden fanden die folgende Rezension hilfreich. A Great Find! Easy Reading! Von Ein Kunde I originally desired to have this book to read to my children. We really enjoy reading it together. However, as time is going by, I find myself reading it by myself. I enjoy being able to read these stories in an "easy reading" format. It gives me a different perspective on the Bible that I have never had before. I think it is a must have in anyone's library and who could beat the price! It is quite a thick book.... I was pleasantly surprised. 3 von 3 Kunden fanden die folgende Rezension hilfreich. We love this book! Von Ein Kunde This Bible story book preserves as much of the Biblical language that it can while still remaining crystal-clear to children. That way when they are older and are ready to transition to their own Bibles, they will already be familiar with the language used in the Bible. We use this book every day with our five children who range in age from 8 months to 11 years.

Kurzbeschreibung Parents and children will enjoy this story book that has 365 read-aloud stories from the Bible. And with over 100 illustrations, 'The Bedtime Bible Story Book' makes reading time a delightful learning experience.
