just about all of your questions, and then some... Von Customer I suppose that if we argue that the author is biased in this book, we should argue that he is biased in favor of a biblical theology of angels and demons. Yes, it is true. His opinions may not be completely in accordance with those who do not have a bible-based background. However, for those of you who do, you will find this a well researched and documented volume. The author walks you through virtually all of the basic biblical theories concerning the spritual realm. In addition, he not only supports all of his positions with scripture so you can verify things for yourself, but he also refers to extra-biblical literature as well. Where the author has a particular opinion of a controversial theory, he is consistent in providing biblical evidence for his position. This is a highly readable book, written for the layman, yet covers just about all the theology you need to know on this subject. The book is presented in a question and answer format, which makes it easy to use it as a reference tool to look up just the information about the specific questions you may have. If you are seeking more in-depth knowledge on the subject, it is still useful as a reference because it lays out all of the major theories on the subject, although I would not stop here. You should read as many books on the subject as possible. All in all, it answers just about every question you will probably need to know as a layman, and then some. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Balanced treatment of the supernatural in the Bible Von David McKay (music@fl.net.au) Oropeza has written a sensible, interesting and thoughtful book about the supernatural in the Bible. His book is carefully argued, and the author shows how many of the extreme views that people adopt today have a very short history, and were not taught by Christians who lived prior to the Second World War. Oropeza argues that Christ is supreme, and that Christians should be aware of, but not frightened by Satan and his minions. The book is very easy to read, and takes the form of 99 questions and answers about the topic. It is very easy to find the article about the topic you are looking for. Well worth reading. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Bad Von Travis Hunt Bad. Really bad. Really really bad. I could go on like this forever. The author obviously has no idea what he's talking about. His evidence is shoddy, his assumptions are questionable, and there is way to many mabyes. This book, obviously the rantings of a mad man, seems to be oriented toward people who are of none of the religions that are in this book and whose angel/demon knowlage comes from NBC's must see thursdays.

Kurzbeschreibung Millions are curious about UFOs, angelic encounters, afterlife experiences, the paranomral, and angels and demons. How can we know fact from fiction and what the Bible really says about such issues? In your hand you hold solid responses to 99 of the most basic questions about the spirit world. If you want to know more about angels, demons, Satan, the paranormal, and solid, biblical answers to such issues, then this book is for you. Kurzbeschreibung Millions are curious about UFOs, angelic encounters, afterlife experiences, the paranomral, and angels and demons. How can we know fact from fiction and what the Bible really says about such issues? In your hand you hold solid responses to 99 of the most basic questions about the spirit world. If you want to know more about angels, demons, Satan, the paranormal, and solid, biblical answers to such issues, then this book is for you. Autorenkommentar THIS BOOK PROVIDES DISCERNMENT CONCERNING THE SPIRIT WORLDDon't let the title fool you! 99 ANSWERS TO QUESTIONS ABOUT ANGELS, DEMONS AND SPIRITUAL WARFARE is not a sensationalistic book written with the intention to give you goose-bumps at night. I wrote it with the express purpose of providing readers with discernment regarding the spirit world. As a scholar in biblical theology, I examine what the Bible, what Jewish literature, and what post-biblical Christian literature say about angels and demons. Here are just a few of the 99 questions I raise: "Are Angels Gendered?", "Do Guardian Angels Exist?" "What is the Origin of Demons?" "Was Satan Once a Beautiful Angel Named Lucifer?" and much more. (You may be surprised to discover this: I argue that Satan is NOT Lucifer.) I also dedicate an entire chapter to questions about occultism and psychic forces. If you desire a sober, balanced, and scholastic yet user-friendly approach to the subject of spiritual phenomena, then this book is for you!
