KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. great quick overview of main historical timelineVon Southfields residentReally can be read in an hour and brings reader

from pre-history to present day. Nice cross-references to contemporaneous developments in other countries. A few extra maps, showing partitions/positions might have helped the in-flight reader. The book would benefit from a good editing, as some of the text can be a bit difficult to understand! Overall, a great first primer of Spanish history. I will certainly read others in the series....
