Von Sarah Healy : A Compact History Of Ireland (Compact Irish history) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Compact History Of Ireland (Compact Irish history):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. als Kurzfassung gut, aber mir manchmal nicht ausfhrlich genugVon Florian Frstwie viele Verffentlichungen ber

Geschichte bringt das Buch viele Fakten, aber kaum Verbindungen und Hintergründe, die zu genau diesem geschichtlichen Ablauf führten. Es ist daher zwar gut geeignet zum Daten nachschlagen, aber das Geschichtsverständnis muss man noch aus anderen Quellen füllen.

KurzbeschreibungThe story of Ireland has been told many times but never quite in this form. Sarah Healy's book begins with a comprehensive historical portrait which presents the whole fabric of three thousand years of Irish life. In subsequent chapters she explores the most significant threads of Irish history; the themes of invasion, rebellion, the north, and aspects of Irish culture, especially literary, that make the island the cultural jewel of the Western World. This convenient, readable volume covers all the key aspects of the history of Ireland, drawing on recent scholarship but in a manner that the general reader will relish. Sarah Healy is the pseudonym of an Irish writer, historian and biographer with many books to her credit.
