The fire fell and will fall again!Von Krista StoreyI have read Maria Woodworth-Etters book A Diary of Signs and Wonders several times. As an evangelical christian reading this book was like reliving the Book of Acts over and over again.

Jesus promised His church that He would send the Holy Spirit in power and throughout the whole book on Maria Woodworth-Etters ministry we see the evidence of the awesome power of our almighty God. The book is full of documented supernatural healings and sermons given by Maria Woodworth-Etter. She had no formal theological training from man but she had the best Teacher their is, the Holy Spirit himself. She stayed in the Word of God and used it as the ONLY measuring tool to walk with. God also revealed in her ministry the importance of the body of Christ working together. Although Maria was the team leader she had many brother(s) and sister(s) in the Lord that worked along side of her.0 von 0 Kunden fanden die folgende Rezension hilfreich. An incredible book filled with God's mighty true miracles.Von Ein KundeThis incredible book is filled with testimony after testimony of the effectiveness of the Holy Ghost ministry preached by Sister M. B. Woodworth-Etter as she traveled the country. 100 years ago she endured hardship to bring hope and healing to a thirsty America. As she entered city and town after city and town they would be a mighty shaking by the power of God. Never have I read such first-hand evidence of so many humbling, mind-boggling, tremendous miracles as in this large volume. Many accounts are from local hosting pastors and elders; many from the recipients of the miracles; many from the doctors who treated them. One truly needs to set this book down from time to time just to fully grasp the spectrum of God's work through this little woman. I personally know a precious woman, now in her 90's, who at age 15 was healed of a goiter in Mrs. Etter's meeting. And when you get your hands on this volume, you may do as I have done -- given at least a dozen copies away to friends and family.0 von 0 Kunden fanden die folgende Rezension hilfreich. An unbelievable story of a woman evangelist (1880-1924).Von Ein KundeMaria B. Woodworth-Etter defied the imagination for women of the latter part of the 19th century and the first 24 years of this century. This book is her own account of preaching long before she could vote, packing out an 8,000-seat tent, resisting opposition from Mass. to Californian. She received opposition not only from the admitted ungodly but also from other Christian groups. When they told her women were to keep silent in the church and learn from their husbands at home, she gave a classic example: "If some women learned from their husbands, they would die in ignorance." The book is well over 500 pages and covers her meetings and quotes newspapers of the day. A companion book is my biography, "The Woman Evangelist." Although I document many of her claims in "Signs and Wonders," I am objective and do not overlook her weaknesses in theology and practices. However, I think you'll consider it a fair treatment. Wayne Warne

KurzbeschreibungA DIARY OF SIGNS AND WONDERS is as anointed today as it was when it was first published in 1916. When you read it, you will encounter the mighty Holy Spirit. When it comes to anointed, Spirit-empowered ministry, none can compare to evangelist Maria Woodworth-Etter (1844-1924). Her evangelistic campaigns criss-crossed the United States, bringing incredible healing and astounding spiritual manifestations to rival the biblical outpouring at Pentecost. Even the dead are resurrected. This book details the account of her call to preach the Gospel, her early ministry, and the many salvations, healings, deliverances that attended her meetings. A number of her powerful sermons are included. This edition, edited by Lee Allen Howard, is formatted especially for Kindle. Improvements include updated spellings, Arabic chapter numbers and Scripture references, typographical and grammar corrections, and a linked table of contents. A number of photographs are also provided. To experience the power of Pentecost today, download A DIARY OF SIGNS AND WONDERS today!
