Von Jim Horsley, Mark Cutshall : A Different Kind of Courage before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Different Kind of Courage:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. A book loaded with action and great examples for life. Von Ein Kunde From the moment I cracked this book open I knew I was in for a great read. The author knows how to grab hold of the reader's attention and keep it throughout. I enjoyed the stories about Horsley's military training and his exploits in VietNam. The book is loaded with all the testosterone things most guys only dream of doing. The writing of the book gives the reader a way of living vicariously through

Jim Horsley as he navigates his A-6 Intruder through the triple-A fire of VietNam. The extreme concentration necessary to land a jet on an aircraft carrier. And, probably my favorite stories were of those while Horsley was a member of the Blue Angels. I think every guy wants to be a Blue Angel and perform some of the incredible manuevers they do. This book gives you an inside look at what it takes to be a Blue Angel and just how good these men are. But, the book is about more than just guy-stuff. It gives a person a great example of how life can be rewarding even when you are not the envy of most people. It shows that a relationship with God and your family are the two most important things in a person's life. Once those relationships have been cemented, then it becomes eaiser to help those around us and make a difference in someone else's life. I was able to relate easily with many of his experiences in coming to know the Lord. The "mistake of going to church" was dead-on, as well as many other things he encounters on his trip to being saved. This book has inspired me to re-assess my own life and what God has in store for me. It is also helping me look for someone for whom I can make a differnce in their life. This book is a great read for anyone who wants to get an inside look at one of the greatest jobs in the world: Being a Blue Angel. But, more importantly, this book and it's author set an excellent example for people to follow. I strongly encourage this book be added to your collection. Marseilles Chavez Sacramento, Calif.

Kurzbeschreibung As a decorated Navy combat pilot, Jim Horsley flew to the top of his field, yet still felt unfulfilled. A Different Kind of Courage is the engaging account of his search for true significance.
