KurzbeschreibungA God Named Desire: What If You're the Object of an Unstoppable Love?We are creatures of intense desire. We emerge from the womb longing for touch and affection. Desire pulsates within us every waking moment of our lives. Our hearts are fueled by hungry yearnings for connection, for relationship, for a sense of belonging. We plunge into life, giving ourselves away to him or her, to this or that, drinking in every promise of fulfillment. And yet, we always emerge from the quest for love still feeling a persistent and insatiable desire for something more. A God Named Desire is about that something more. There are some books that speak with an unusual level of clarity to the deepest issues that press the human heart. This is one of those rare books. You will never see God, or yourself, the same after the insights of A God Named Desire are introduced into your mind.

After having been raised with a purely secular worldview and having witnessed firsthand much evil and suffering, Ty was completely opposed to the idea of a Supreme Being. "If a God exists at all," he reasoned, "wouldn't He have to be cruel to have made a world like ours?" Ty's conversion as a teenager was founded upon the answer to that question. Since then Ty has given his life to the joyous task of sharing God's good character in public seminars as well as through print and video media. Ty is codirector/speaker of Light Bearers, an international publishing and teaching ministry that provides shipments of truth-filled literature to the church in developing countries. More than 500 million gospel publications in more than 30 languages have been put into circulation to date. As the speaker for digma.com, Ty creates short videos that address the most important issues of life. He has authored eight boo
