Very GoodVon Ein KundeThis book does a very good job covering a largely misunderstood and caricatured branch of the Brit Army in WW1. Its expensive and covers 1915-18. Alot of small unit as well as big battle coverage. Time is spent on leaders, organization tactics too. Few pictures. I'm glad I bought it. Its part of a 5(?) book series on the Brit Cav 1800-1918.

KurzbeschreibungIn this last volume of a monumental chronicle, the author shows the part played by the British cavalry in the First World War. Drawing on material from a number of sources he demonstrates how the cavalry's superior mobility saved the day time and again.
