Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. A lavishly illustrated antiquarian work that appeals to modern readers. Von Schatzsucher A HISTORY OF THE UNITED STATES FOR SCHOOLS, by Alexander Johnston. New York: Henry Holt, 1888. With maps, plans, illustrations and questions. Cloth-covered boards (Hardcover), 473 pages. Color maps, plates, engravings. The special characteristic of this work is its organization by president and their administrations, a method entirely appropriate to the material and

which allows easy comparisons between philosophies of governing and management styles of the various incumbents. The conciseness of the writing and the comprehensiveness of the treatment of individual issues and personalities make this lavishly illustrated antiquarian work appealing to modern readers. Published not long after the Civil War, the book is especially commendable for its detailed description of the conflict and its key figures.

Kurzbeschreibung Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.
