KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. rewarding readVon Larry HehnI remember when I first learned that good works would not get me into heaven -- that the only way to heaven was accepting Jesus as my Lord and Savior. Immediately a question popped into my head. If

accepting Jesus is the only way into heaven, and I have that taken care of, why not just coast for the rest of my life? After all, if good works won't get me into heaven, then how important could they really be? This book has the answer -- very! Backing everything up with scripture and quotes from the likes of Martin Luther, John Wesley, John Calvin, C.S. Lewis, Charles Swindoll, Charles Stanley and Billy Graham, Wilkinson explains that our behavior doesn't determine where we will spend eternity, but it definitely determines how we will spend eternity. He assembles a solid case to show that our eternal reward is determined by how well we manage our lives. Would you approach life differently if you knew that everything you did ultimately mattered? Would you live a richer life as a result? Would you be a blessing to more people? If you are looking to live a life worthy of reward, pick up this book and get excited about the possibilities. Life will take on a whole new meaning.

 Von Alejandra Vernon  
 This little book is full of morsels of truth, that will give you much food for thought, and inspire you to make the very most of your talents, every day of your life.  
 Dr. Wilkinson has a way of putting wisdom and principles for a life that pleases the Lord into words that make them immediate and so easy to grasp. No matter how familiar I am with the subjects he writes about, I always get startling clarity on something vital that I had not noticed before. There is also much insight given into the many parables of Jesus, which is most helpful.  
 In Chapter # 1, "Keyhole to the Stars", the first subjects mentioned are the two keys that indicate the "where and how" of our Final Destination; the first is belief, and the second is behavior. The following five chapters deal with the behavior part, and are about the purpose of life, and how our choices and "works" are so important, what is meant by "repayment" for works done, those opportunities for good actions that we might have passed by, and much more. Also discussed are our motives, and how well we steward what God has given us.  
 Chapter 7 brings us back to the essential key of belief, and the final chapter ends with a pledge of allegiance as a "citizen of heaven"; the last six pages have quotes from Christian leaders, from Augustine to John Wesley, on the subject of eternal rewards.  
 Dr. Wilkinson gives us all a challenge, "...to see your true calling today and to seize the opportunity that is right in front of you. Don't waste another day living for less".
