Einführung Nexus 4 für Anfänger Von -KundeDas Buch ist als Einführung Nexus 4 Anfänger gedacht. Es wird auf alle wichtigen Punkte eingegangen. Weiterführende Informationen erhält man aber nicht. Leider gibt es diese Einführung nur in englisch.

KurzbeschreibungAfter years of hard work, Google has finally released a slate of Android devices that not only hold their own against formidable competition, but blow the competition right out of the water. Each of these newly-minted devices (Nexus 10, Nexus 7, and the subject of this guide, Nexus 4) are the absolute best of the best mobile computing without limits. For newcomers to Android, these are not the clunky, impossible-to-use wannabe iPhones and iPads that cell phone carriers have tried to sell you on in the past these are Google-designed and Google-approved. In short, they are among the best tech products on the market today. In this guide, we'll show you the ins and outs of the Nexus 4 Jelly Bean, Google Now, the Play Store and everything in between. Whether you're an experienced Android user or a nervous first-timer, you'll find plenty of helpful info within these pages. While there's a little bit of a learning curve to get the most out of your new Nexus 4, don't worry; we'll have you up and running in no time, laughing your head off at all those silly people locked into two-year contracts with sub-par smart phones. Ready to get started? Let's go!
