Von Eric Hammel : Aces Against Japan: The American Aces Speak (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Aces Against Japan: The American Aces Speak (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great book about the heroes that won the war in the pacific.Von Ein KundeThis book is about the many pilots that fought for the US navy in the pacific Theatre.Many of which were very young but would die for their country!It talkes about

their experiences of their first kills and becoming aces, shootings down zeros, and Betty bombers and Imperial Japanese cruisers of all sorts in the Pacific. Pilots talk about their experiences in the battles of Pearl Harbor, Midway, Port Moresby, Guadalcanal, Rabaul, Lyete Gulf, and Okinawa. Fly with 1st Lt. Jim Swett as he nails 7 bandits out of the sky with his F4F Wildcat. Fly with pilots in their warhawks, wildcats, lightnings, Thunderbolts, mustangs, and Corsairs against the 1 of the best navies in the world. Another book I want is Aces Against Germany but they don't print it anymore! Buy ACES AGAINST GERMANY and listen to the stories told by our heroes of WW2. The men that kept us free, the men that kept the Axis from taking over the world, the men that died for us! Now I'd like to salute all the men that died for us in WW2. Thank you guys! -HEAVEN BELONGED TO GOD. THE SKY BELONGED TO AMERICA'S ACES. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Ein wertvoller Beitrag gegen das Vergessen... Von Andreas R. Schmidt Der 2. Weltkrieg auf dem pazifischen Kriegsschauplatz ist in Deutschland zu Unrecht immer noch ein wenig publiziertes Thema. Amerikanische Piloten auf dem pazifischen Kriegsschauplatz hatten neben den blichen Problemen von Militrfliegern noch andere. Wie ist das, mit einer zusammengeschossenen Maschine lange Strecken ber das Wasser zu fliegen? Was wurde den Piloten abverlangt, wenn sie nach dem Kampf auch noch auf den nach heutigen Mastben winzigen "Jeep- Flugzeugtrgern" landeten? Oder wie ist das wenn die "Mhle" ber dem Wasser schlapp macht oder die Tanks leer sind und man ber der gewaltigen Wasserflche aussteigt? Das sind alles Fragen, die von denen, die dies erlebt haben, beantwortet werden. Es ist sehr wichtig, dass dieses Wissen nicht in Vergessenheit gert und Dank gebhrt dem Autor, der diese Geschichten zusammengetragen hat. Andreas R. Schmidt 0 von 0 Kunden fanden die folgende Rezension hilfreich. Super book! Von Ein Kunde Reading about the Pacific airwar in the recent novel, The Triumph and the Glory, sparked an eager interest in me in the topic and prompted me to order this book. I found "Aces Against Japan" great reading, filled with gripping accounts of action from the men who fought the air war against Imperial Japan. If you are interested in WWII aerial combat this book is for you!

Kurzbeschreibung ACES AGAINST JAPAN The American Aces Speak Eric Hammel In this superb, originally conceived offering, noted military historian, Eric Hammel brings us first-person accounts from thirty-nine of the American fighter aces who blasted their way across the skies of the Pacific and East Asia from December 7, 1941, until the final air battles over Japan itself in August 1945. Coupled with a clear view of America's far-flung air war against Japan, Hammel's detailed interviews bring out the most thrilling in-the-cockpit experiences of the air combat that the Pacific Wars best Army, Navy, and Marine pilots have chosen to tell. Meet Frank Holmes, who defied death in an outmoded P-36 while still clad in a seersucker suit he had worn to mass earlier that morning. Fly with Scott McCuskey as, single-handed at Midway, he takes out two waves of Japanese dive-bombers that are attacking his precious aircraft carrier. Sweat out the last precious drops of fuel in a defective Marine Wildcat fighter as Medal of Honor recipient Jeff DeBlanc bores ahead to his target to keep the faith with the bomber crews he has been assigned to protect. Experience the ecstasy of total victory as Ralph Hanks becomes the Navy's first Hellcat ace-in-a-day when he destroys five Japanese fighters over the Gilbert Islands in a single mission. A superb interviewer, Hammel has collected some of the very best air-combat tales from America's war with Japan. Combined with the four other volumes in The American Aces Speak series, this work will stand as an enduring testament to the brave men who fought the first and last air war in which high-performance, piston-engine fighters held sway. These are stories of bravery and survival, of men and machines pitted against one another in heart-stopping, unforgiving high-speed aerial combat. The American Aces Speak is a highly-charged emotional rendering of what men felt in the now-dim days of personal combat at the very edge of our living national history. There was never a war like it, and there never will be again. These are America's eagles, and the stories are their own, in their very own words. Eric Hammel is the author of more than thirty-five other books, including Pacifica Military History's Coral and Blood, Carrier Clash, Aces Against Germany, Aces Against Japan II, Aces at War, and Aces in Combat. He lives with his family near San Francisco. Critical Acclaim for The American Aces Speak Series The Marine Corps Aviation Association Yellow Sheet says: The recounting of each story is done in the pilots own words. This is a powerful technique that draws readers into the action and introduces them to the world of the fighter pilot. The American Fighter Aces Bulletin says: Some of [the] episodes are well-known; others have never been written before. But each account delivers something intensely personal about the Pacific Air War. The Library Journal says: No PR hype or dry-as-dust prose here. Hammel allows his flyers to tell their stories in their own way . . . Exciting stuff aviation and World War II buffs will love. Book Page says: For those who have an interest in World War II, or those who simply like to read of drama in the skies, Eric Hammel's [Aces Against Japan] is recommended reading. It is a must for any historians bookshelf. WWII Aviation Booklist says: Hammel provides a veritable feast of aviation combat narrative. As always in this series, the entries [in Aces at War] have been carefully selected to provide the most entertaining ride possible for his readers. Easily the best series available on air combat! Get them all!
