KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Best British Ace BookVon Ein KundeThoroughly revised from the 1966 edition. Updated biographic information, vastly more detail about kills, probables, and damaged claims, serials, dates. An invaluable cross reference for RAF as well as Naval aviators. Many previously unseen pilot portraits, but no aircraft profiles as were in the original issue. (Many of those were speculative and subsequently discredited anyway) Volume 2 is available with additional material. The many similar titles are confusing, check the publisher and publication date, and author(s) carefully
