Von Mark Christiansen : Adobe After Effects CS3 Professional Studio Techniques before purchasing it in order to gage whether or not it would be worth my time, and all praised Adobe After Effects CS3 Professional Studio Techniques:

KundenrezensionenHilfreichste Kundenrezensionen7 von 8 Kunden fanden die folgende Rezension hilfreich. sehr empfehlenswertVon Andreas Zeinerhabe mir diese buch ebenfalls auf anraten eines editors gekauft und bin begeistert. dieses buch ist zwar nichts fr anfgner aber selbst leute die jahrelang in dem geschft sind finden reihenweise tolle tipps, anregungen und auch anstze wie man seinen workflow etwas tunen kann. witzig und interessant geschrieben mit jeder menge techniken aus der praxis.

KurzbeschreibungThis is the only book in the After Effects market to focus exclusively on the creation of visual

effects, and is a one-stop resource for anyone who wants in-depth explanations that demystify the realm of visual effects and how they were created, thanks to veteran author Mark Christiansen's friendly and accessible style. A thoroughly packed, informative read, this masterful guide focuses on explaining the essential concepts, features, and techniques that are key to creating seamless movie-quality visual effects. Readers will learn how to put After Effects to work to create the shots they need. Users who are comfortable with After Effects will find a helpful review of After Effects fundamentals--managing footage, viewing and editing layers, animating type, and more--so they can learn how to work smarter and more efficiently. Readers of all levels will learn core techniques for effects compositing: color matching, keying, rotoscoping, motion tracking, and emulating the camera. The final section of the book delves into creative explorations, demonstrating actual effects that readers might want to re-create. Readers will also find comprehensive coverage of all that's new in this upgrade. Throughout the book, beautiful full-color examples demonstrate what's possible, while the companion DVD offers plenty of sample footage and dozens of demos of the most useful After Effects plug-ins. .
