Von J M O'Brien : Alexander the Great: The Invisible Enemy: A Biography before purchasing it in order to gage whether or not it would be worth my time, and all praised Alexander the Great: The Invisible Enemy: A Biography:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A Very Unusual Biography of Alexander the GreatVon Ein KundeThis particular book is full of references from ancient greek literature quoted to illustrate various aspects of Alexander the Great's life. It has the most complete bibliography on Alexander and students will find it is a must buy for that feature alone. The author concentrates on the deterioration of Alexander from alcohol and his parallel life with the god of wine Dionysus. Very unusual indeed...

Kurzbeschreibung Despite Alexander the Great's unprecedented accomplishments, during the last seven years of his life, this indomitable warrior became increasingly unpredictable, sporadically violent, megalomaniacal, and suspicious of friends as well as enemies. What could have caused such a lamentable transformation? This biography seeks to answer that question by assessing the role of alcohol in Alexander the Great's life, using the figure of Dionysus as a symbol of its destructive effects on his psyche. The unique methodology employed in this book explores various aspects of Alexander's life while maintaining an historical framework. The exposition of the main theme is handled in such a way that the biography will appeal to general readers as well as scholars.

Pressestimmen "Alexander's story is compelling to lay audiences and scholars alike, with the pathos of an authentic Aristotelian tragedy. O'Brien writes with understanding and empathy, yet with resolute acceptance of the evidence." - "Minneapolis Star Tribune "Since the author maintains a consistent position of respectful belief in Greek mythology, as well as an immense knowledge of ancient Greek literature and history, we have a book that could indeed have been written 2,000 years ago. You don't often get a chance to read a book like this." - "The St. Louis Dispatch "This is a most interesting and valuable biography, not least because it provides such an extensive "Materialsammlung on Alexander as a human being." - Ernst A. Fredricksmeier, University of Colorado "Suitable for a modern age . . . fair and balanced . . . The bibliography is the most complete ever assembled on modern Alexander scholarship and will prove useful to students and scholars alike." - "Choice "What happened to Alexander? O'Brien's answer is mesmerizing . . . he brings to the tale a sense of fatalism that Euripides would understand." - Paul A. Gilster, "The News and Observer
