Von Alicia Appleman : Alicia: My Story before purchasing it in order to gage whether or not it would be worth my time, and all praised Alicia: My Story:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Alicia's great storyVon sgI read the book Alicia: my story about five months ago and I can still not forget the great pain that

went through me as I flipped the pages. I have read a lot of books like that but this one really touched me. While reading this book I laughed and I cried. This book is so well written you forget that you are reading a book, you feel like you are Alicia. I think that Alicia: my story is a touching book that you will never forget. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Von Ein KundeIt started out quite innocently, seeing someone else reading the book and growing interested in the cover. I always read books about World War 2 because they moved me so and I learned so much. In comparison to so much other history, it is a much more recent event. I then went to buy the book, after all it was on a book list for school. I didn't know that after I read this book my life wouldn't quite be the same. Alicia was an extremely brave girl who risked her life to help others, even when she did not realize it. For years before 1939 she lived a perfect life. She had friends, a loving family, a nice home... but then it was taken away from her. She nearly lost her life many times, but continued to survive. She worked for food in the fields of Poland, making up stories, and struggling to get just one piece of bread for her mother. Soon, she loses everyone and she has to cope with the loss and continue to live. So many times I had to put this book down because tears were streaming down my cheeks. After reading this I have decided to do something to help humanity and to be courageous in that way like Alicia was. She is my hero and probably always will be. I will read this book for years to come.

KurzbeschreibungAfter losing her entire family to the Nazis at age 13, Alicia Appleman-Jurman went on to save the lives of thousands of Jews, offering them her own courage and hope in a time of upheaval and tragedy. Not since The Diary of Anne Frank has a young voice so vividly expressed the capacity for humanity and heroism in the face of Nazi brutality. From Library JournalA Polish Jew, the author re-creates her efforts to survive in Nazi-dominated, war-torn Poland. Between the ages of ten and 15, she suffered terrible hardships and encountered numerous brushes with death. This is a potentially useful addition to Holocaust literature, for although she never experienced the death camps, Appleman-Jurman lived in constant peril and managed to survive only through an extraordinary combination of luck and street sense. Unfortunately, the heavy use of dialogue reconstructed more than 40 years later has an unsettling effect on the mood and plausibility of this interesting and frequently horrifying survival narrative. Still, public libraries should consider. Mark R. Yerburgh, Trinity Coll. Lib., Burlington, Vt.
