excellent reading!! Von Ein Kunde This particular book is written very well and never misses a beat. Like all of his books in this series you can relate almost everything he talks about to today's government. The content is very good and some is very scary to even think about but most of what is written you can see happening in today's world. Read this book and the rest of them too and think about what is said. 0 von 0 Kunden fanden die folgende Rezension hilfreich. The editing is horrid, but it's extremely addictive! Von Ein Kunde Johnstone should fire his editor, or bother to run a grammar check and spelling check, but the Ashes series is addictive. The blatant knocks of our current situation touch a nerve with many people who are tired of this wishy-washy world. The plot is thin, but you still have to keep turning the pages. It's an addiction you will want to hide! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Kicks... Von Kevin M. Cox I don't know how anyone else feels about Johnstone's work but with the Ashes series I believe he can't be outdone. This book which is number five in the series is as good as the others my opinion is that if you liked number 1 you are guaranteed to like number 5
