**Von Ilias Arnaoutoglou : Ancient Greek Laws: A Sourcebook (Routledge Sourcebooks for the Ancient World)**  
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ancient Greek Laws: A Sourcebook (Routledge Sourcebooks for the Ancient World):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 1 Kunden fanden die folgende Rezension hilfreich. Good Book - Much Needed Von teta@vmail.virgin.com As a student of Classics with a minimum language knowledge and no experience whatsoever on inscriptions I found this book a great help. Mr. Arnaoutoglou assembled many helpful laws from all over the Greek World (!not only Athens!). The fact that the laws are in translation is especially important for students who do not have the required knowledge of greek. Additionally, the bibliography is very helpful without being burdensome. However, it is important to note one issue: the fact that the commentaries although helpful do not

provide many of the nuances surrounding any given set of laws. In any case, I found this book quite helpful as a start in studying Greek Law in general

Kurzbeschreibung In this comprehensive and accessible sourcebook, Ilias Arnaoutoglou presents a collection of ancient Greek laws, which are situated in their legal and historical contexts and are elucidated with relevant selections from Greek literature and epigraphical testimonies. A wide area of legislative activity in major and minor Greek city-states, ranging from Delphoi and Athens in mainland Greece, to Gortyn in Crete, Olbia in South Russia and Aegean cities including Ephesos, Samos and Thasos, is covered. Ilias Arnaoutoglou divides legislation into three main areas: \* the household - marriage, divorce, inheritance, adoption, sexual offences and personal status \* the market-place - trade, finance, sale, coinage and leases \* the state - constitution, legislative process, public duties, colonies, building activities, naval forces, penal regulations, religion, politics and inter-state affairs. Dr Arnaoutoglou explores the significance of legislation in ancient Greece, the differences and similarities between ancient Greek legislation and legislators and their modern counterparts and also provides fresh translations of the legal documents themselves.
