Von Robert V. Remini : Andrew Jackson before purchasing it in order to gage whether or not it would be worth my time, and all praised Andrew Jackson:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Jackson and the PresidencyVon Ein KundeThe second of a three volume history of Jackson's life as a frontier lawyer and land speculator, politician and patriot, and president and populist, this volume reviews in brilliant detail Jackson's first term in office. With clarity and wonderful prose, Remini discusses the role Jackson played in both expanding the powers of

the presidency and in greatly fostering a democratic movement which came to adopt his name. Like Arthur Schlesinger's brilliant work "The Age of Jackson, Remini advances the idea that Jackson came to recognize that "Hamiltonian means would be necessary to pursue Jeffersonian ends"; that as society had become more complex, a powerful president would be necessary to protect those ideals articulated by Jefferson and the founding fathers'. Further, Remini discusses the important contribution that the age of Jackson played in the facilitation of the labor movement, particularly the widespread support Jackson received from the working class in New York and the northeast. Excellent scholarly research and first rate history.

Kurzbeschreibung Available in paperback for the first time, these three volumes represent the definitive biography of Andrew Jackson. Volume One covers the role Jackson played in America's territorial expansion, bringing to life a complex character who has often been seen simply as a rough-hewn country general. Volume Two traces Jackson's senatorial career, his presidential campaigns, and his first administration as President. The third volume covers Jackson's reelection to the presidency and the weighty issues with which he was faced: the nullification crisis, the tragic removal of the Indians beyond the Mississippi River, the mounting violence throughout the country over slavery, and the tortuous efforts to win the annexation of Texas.
