Von Michael E. Cohen, Michael Wohl, Mary Plummer : Apple Training Series: iLife (iLife '09 Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Apple Training Series: iLife (iLife '09 Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Gutes LehrbuchVon SemmelroggeDas offizielle Apple Trainingsbuch zu iLife 09 fhrt in 17 Lektionen durch die Bedienung der iLife-Programme iPhoto, iMovie, GarageBand, iWeb und iDVD. Dem Buch beigefgt ist eine CD mit Sample-Material zu den Lektionen. Wenn man es durchgearbeitet hat, wei man, wie man in iPhoto seine Fotos organisieren, bearbeiten und verffentlichen kann, wie man in iMovie Videomaterial importiert und mal schnell einen Film erstellt und verffentlicht, wird aber auch in professionellere Arbeitsweisen eingefhrt, was Schnitt, visuelle Effekte und Audio angeht. Abgerundet wird der Bereich Video um die Erstellung von Video-DVDs. Auerdem behandelt das Buch das Musik machen mit GarageBand, das Erstellen von Klingeltnen, Webseiten, Blogs und Podcasts.Wer das Buch durchgearbeitet hat, kennt die wesentlichen Kniffe der iLife-Programme von Apple und ist in der Lage, die Grenzen

auszuloten. Was dieses Buch nicht leistet, ist Nachschlagewerk für Probleme jeglicher Art zu sein. Es ist als reines Arbeitsbuch zu sehen (wobei in diesem Fall die Arbeit einen hohen Spafaktor hat). Wer der englischen Sprache mächtig ist, findet hiermit eine der wahrscheinlich besten Einführungen ins Thema. Fünf Sterne von mir.

KurzbeschreibungIn the only Apple-certified guide to iLife 09, the authors have you working miracles with iLife within the first few pages. Featuring footage and images from around the world, this book uses real-life material and practical lessons that you can apply immediately to your own projects. Focused lessons take you step by step through all aspects of iLife 09everything from organizing and sharing your photo library to creating polished video and soundtracks. Along the way, you'll produce movies, photobooks, podcasts, websites, blogs, and custom DVDs. Master the iLife suite of tools quickly through fun, real-world projects Turn your photos into cards, picture books, calendars, or a web gallery Add motion and music to a slideshow, then publish it online Create a video with polished transitions, music, effects, and even greenscreen Learn Hollywood-style techniques for making better videos Build a soundtrack in GarageBand, and learn to score a simple movie Create websites, blogs, podcasts, and DVD menus in a snap. The Apple Training Series is both a self-paced learning tool and the official curriculum of the Apple Training and Certification Program. To find out more about Apple Training, or to find an Authorized Training Center near you, go to www.apple.com/training. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for "Where are the lesson files?" Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.
