Von Jonathan Cook : Disappearing Palestine: Israel's Experiments in Human Despair before purchasing it in order to gage whether or not it would be worth my time, and all praised Disappearing Palestine: Israel's Experiments in Human Despair:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Grossartiges, unverzichtbares Buch zum Verstdnis des Elends der geschundenen PalstinenserVon Siegfried UeberlacheerDieses Buch ist eine ausserordentlich profunde Beschreibung auf welcher (vlkerrechtswidrigen)

Grundlage der zionistische Staat Israel entstand und welches Elend dieser Landraub und die Vertreibung und Beraubung der ursprnglichen arabischen Bevlkerung durch vorwiegend europische Einwanderer (mit erfundener Legende) fr die Vertriebenen bedeutete und bedeutet! Man msste dieses Buch in alle Sprachen der UNO bersetzen und allen europischen und USA-amerikanischen skrupellosen Politikern, die diesen zionistischen Verbrechern schmeicheln, zum lesen aufzwingen. Weiters sollte man dieses grossartige, informative Werk im Geschichtsunterricht der Mittelschulen und Hochschulen zwingend besprechen!0 von 0 Kunden fanden die folgende Rezension hilfreich. disappearing palestine Von A. Schaefer Disappearing Palestine: Israel's Experiments in Human Despair This is a "Must Read" for anyone who wants to understand life as a non-jew in Israel or the occupied territories today. Jonathan Cook has done excellent research and exposes so many of the lies and disinformation that we are bombarded with every day. This book is very good to understand from a human being point of view.

Kurzbeschreibung Palestine is fast disappearing. Over many decades Israel has developed and refined policies to disperse, imprison and impoverish the Palestinian people in a relentless effort to destroy them as a nation. It has industrialized Palestinian despair through ever more sophisticated systems of curfews, checkpoints, walls, permits and land grabs. It has transformed the West Bank and Gaza into laboratories for testing the infrastructure of confinement, creating a lucrative 'defence' industry by pioneering the technologies needed for crowd control, surveillance, collective punishment and urban warfare. In this insightful and authoritative new book, leading journalist Jonathan Cook examines the many different guises in which these experiments on the Palestinians are being carried out. Accessible and comprehensive, this is a powerful analysis of one of the most enduring and entrenched conflicts in contemporary world politics. Pressestimmen 'I have been reading Jonathan's work on the internet for years. On Palestine and Israel, I can think of no more reliable source.' - John Pilger 'This is an impressive and timely book written by one of the most knowledgeable writers on the Palestine-Israel conflict. Its insight into the devastating impact of Zionist settler colonialism and its account of the current reality on the ground are unique. A must read for those seeking peace and justice in the Middle East.' - Nur Masalha, Director of the Holy Land Research Project, St Mary's University College (UK), and author of The Bible and Zionism (2007) 'No one is a keener observer of Zionism's true goals, from its bald usurpation of land and resources to its bad faith about seeking real peace. The book provides an unusual depth of evidence and sharp analysis, and a devastating indictment of Zionism. It is a penetrating piece of scholarship and a gem of easy readability.' - Kathleen Christison, former CIA analyst and author of Perceptions of Palestine (1999) Kurzbeschreibung Palestine is fast disappearing.
