**Von Robert Moss : Dreamgates: Exploring the Worlds of Soul, Imagination, and Life Beyond Death** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dreamgates: Exploring the Worlds of Soul, Imagination, and Life Beyond Death:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.

Fantastic Von Luca Bricciotti Among the books about the topic of dreaming, Robert Moss is really amazing. I wonder why I discovered him only after so many years. Very good book!

Kurzbeschreibung A world-renowned authority on the history, uses, and power of dreaming, Robert Moss guides neophyte and experienced adventurers alike to open their own dreamgates. Through these gates await otherwise inaccessible realms of reality as well as soul remembering the recovering of knowledge that belonged to us before we came into this life experience. Exercises, meditations, and the mesmerizing tales of fellow dream travelers outline Moss's Active Dreaming technique, a kind of shamanic soul-flight that offers frequent flyers a passport between worlds. In this world beyond physical reality, Moss points to wellsprings of healing, creativity, and insight. As readers move into these different ways of seeing and knowing, they may also communicate with spiritual guides and departed loved ones in ways that transform their everyday lives. Pressestimmen This classic book is for all who want to navigate the inner space of their dreams with confidence. Now everyone can journey through the dreamgates to explore the deep wisdom of their dreaming. Caitlin Matthews, author of *King Arthurs Raid on the Underworld* and *Singing the Soul Back Home* In this marvelous and elegantly written book, Robert Moss teaches us all to be citizens of a larger and inexhaustibly mysterious universe. In his work we discern the phosphorescent trail of the shaman, yet all can learn from it. He leaves no scholarly or experiential stones unturned in his quest for knowledge of the soul from within. Read *Dreamgates* and you may find yourself on an amazing joyride into the collective unconscious and may discover, like *Black Elk*, that there is no end to new worlds for our vision. Stephen Larsen, PhD, author of *The Mythic Imagination* and coauthor of *A Fire in the Mind: The Authorized Biography of Joseph Campbell* Travel in dreambodies, [Moss] contends, is quite real and is an important part of everyone's total life experience, whether or not it is remembered in conscious states. Teaching his method of active dreaming, he provides many provocative individual and group exercises, including breathing, drumming and a variety of visualization techniques. Publishers Weekly
