**Von Michael Peacock : Drupal 6 Social Networking** before purchasing it in order to gage whether or not it would be worth my time, and all praised Drupal 6 Social Networking:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Fr AnfngerVon AndiDas Buch behandelt zuerst die Installation von Drupal. Danach wird diversen Zusatzmodulen, welche fr Social-Network-Sites wichtig sind, gewidmet. Das Buch ist sicherlich eher fr Anfnger gedacht.Ich habe bereits vor diesem Buch eine Drupal-Seite im Bereich Social Networking aufgesetzt. Insofern waren neuen Infos in dem Buch sehr beschrnkt.1 von 1 Kunden fanden die folgende Rezension hilfreich. Hilfe beim Aufbau einer sozialen Community mit Drupal 6Von TomReinIst besonders fr den Drupal Anfnger gedacht, kann aber auch Tipps und ntzliche Module fr den fortgeschrittenen Drupal-Admin bereithalten.

**Kurzbeschreibung**This book is packed with clear instructions and careful explanations for creating a powerful Social Networking web site using Drupal 6. With each chapter, you add new features and content until the Social Network is ready to be released to the Internet where it can grow. By the end of this book, you will have a powerful Social Network either like that of the case-study, or of your own design based on the setup and features the book walks through. This book is aimed at anyone looking to create their own social networking web site, including: Businesses building a Social Network around a product or service can improve your company profile and increase customer loyalty. Alternatively, an internal social network gives you employees a place to keep resources, discuss ideas, raise concerns, and keep up to date on company policies, Hobbyists create a community around your hobbies and interests; create a local or distributed user group, Organisations Charities Raise your profile, promote your events / services / fundraisers and get help from the community in organizing them, Families For large families based across the country or across the globe, keep up to date with everyone, and let everyone know what you are up to. You don't need any experience of Drupal or PHP to use this book. If you are a Drupal user you will find this book a great way to rapidly tailor an existing installation into a social-orientated web site.

**ber den Autor und weitere Mitwirkende**Michael Peacock is a web developer from Newcastle, UK and has a degree in Software Engineering from the University of Durham. After meeting his business partner at Durham, he co-founded Peacock Carter, a Newcastle based creative consultancy specializing in web design, web development and corporate identity. Michael loves working on web related projects. When he is not working on client projects, he is often tinkering with a web app of his own. He has been involved with a number of books, having written two books himself (and working on his third): Selling online with Drupal e-Commerce Packt, and Building websites with TYPO3 Packt. He has also done technical reviews of two other books: Mobile Web Development Packt, and Drupal Education E-Learning Packt. You can follow Michael on Twitter.
