Von Chogyal Namkhai Norbu : Dzogchen before purchasing it in order to gage whether or not it would be worth my time, and all praised Dzogchen:

KundenrezensionenHilfreichste Kundenrezensionen4 von 4 Kunden fanden die folgende Rezension hilfreich. as concise as the 'Great Perfection' itselfVon Ein KundeAn absolutely concise introduction into dzog chen on the base of an even more concise old 6-line dzog chen-text (rigpai kujug - the six vajra verses). Practical advices in a clear, highly

readable structured description of the three series and of the base, the path and the fruit of dzog chen. Highly recommended !!!2 von 2 Kunden fanden die folgende Rezension hilfreich. A precious advise for daily liveVon Pablo FriasThis book is excellent. It may be required some knowledge of the topics to better understand it, although this is not a demand. It is written in a very easy language easy to understand even for people that don't speak english as a mother language. It contains a helpful advice on how to confront daily live in a better way, although it comes from very ancient fonts of knowledge. The contents are still actualized, maybe because the basic problems of humanity are still the same (since the beginning).1 von 1 Kunden fanden die folgende Rezension hilfreich. A Great Book on DzogchenVon Ein KundeThis is an excellent book. It is a fascinating, well written introduction to Dzogchen which is found both in the ancient Bon religion of Tibet and in Nyingma Buddhism. The author makes the subject interesting and easy to understand.

KurzbeschreibungOur natural condition is self-perfected from the very beginning. What is necessary is that we reawaken and remain in our true nature. Through understanding and practice, we can rediscover the effortless knowledge of the self-perfected state that lies beyond our habitual anguish and confusion, and remain in this uninterrupted flow of contemplation, completely relaxed but fully present through all activities.Pressestimmen"Rinpoche clearly explains Dzogchen and then reveals in a simple and non-intellectual manner what is meant by the practice of Dzogchen. Rinpoche's explanations and analogies simply and convincingly map a path to the self-perfected."John Tigue, Daemen College "A fine introduction to Dzogchen for the Western reader."Tibet JournalKurzbeschreibungOur natural condition is self-perfected from the very beginning. What is necessary is that we reawaken and remain in our true nature. Through understanding and practice, we can rediscover the effortless knowledge of the self-perfected state that lies beyond our habitual anguish and confusion, and remain in this uninterrupted flow of contemplation, completely relaxed but fully present through all activities.
