Von Nick Pope, John Burroughs, Jim Penniston : Encounter in Rendlesham Forest: The Inside Story of the World's Best-Documented UFO Incident before purchasing it in order to gage whether or not it would be worth my time, and all praised Encounter in Rendlesham Forest: The Inside Story of the World's Best-Documented UFO Incident:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. The Rendlesham UFO-case by an insider. Von Claude HALLEThis book is really a complete and in detail report of one of the most important known UFO-cases. It's a must for specialists, maybe a little too detailed for a "just interested" reader.0 von 0 Kunden fanden die folgende Rezension hilfreich. A good up to date regarding Rendlesham research Von Jerome KellerThis is a good up to date book (2014) about the research of Rendlesham case. It contains mainly the views of Penniston and Burrough. With Chapters where Pope writes about the circumstances and other things regarding research. The book gives not only an update on the status of research of the last years; it can also be a good entry point who haven't read previous literature about Rendlesham like that from Georgina Bruni. However it's not fully complete since the views/opinions of Charles Halt and Larry Warren are not that prominent in this book.

KurzbeschreibungRoswell was only the beginning! An in-depth look at the Rendlesham Forest UFO Incident, the world's most sensational and compelling series of UFO encounters. In 1980, a UFO was tracked on military radar in Rendlesham Forest, England. It landed near two of the most strategically important military bases in NATO, and was approached by military witnesses who touched the hull. This explosive new book tells the full story of this incident, which is set to become better-known than Roswell. Written by Nick Pope, an international bestselling author and former government UFO investigator, working closely with John Burroughs and Jim Penniston, the two officers at the heart of the encounters, Encounter in Rendlesham Forest reveals the first-hand witnesses' full stories for the first time and is supported by numerous formerly-classified documents obtained under the Freedom of Information Act. The inside story of these events and their aftermath will change people's perceptions about UFOs and about the true role played by government, the military and the intelligence agencies. Pressestimmen "[Pope's] questions and detailed evidence certainly give readers on both sides of the UFO debate plenty to chew on" - "Publishers Weekly" "Read this book and you will be convinced that we are not alone in the Cosmos. It will open your mind to 'the broader reality' that holds so much promise if we only embrace it positively." - Paul T. Hellyer, Former Defence Minister of Canada "This is a well-researched, well-written, fascinating explication of the events" - "San Francisco Book
