KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. well writen with a great plotVon Ein KundeThis is my favorite book of the Seven Sleepers series. It has a great plot and use of the situation of the teens. It is interesting because it has less of the fantasy characters that are normally in the series.

I have enjoyed reading many times and I think any one who enjoys Christian science fiction should own it. Great story for middle schoolers who enjoy action type books.0 von 0 Kunden fanden die folgende Rezension hilfreich. This book is amazing!!!Von Ein KundeI have read all of the Seven Sleepers books, and this one definately met my expectations. You become so involved with the book, that you feel like you are becoming one of the characters.The characters are all so believable. You'll be hooked when you read this.

KurzbeschreibungSomething strange and terrible has been happening in Nuworld. Some of God's most trusted servants have disappeared- simply vanished! With only a list of the missing persons and a secret password, God has sent the Seven Sleepers on another mission: "Find My servants and bring them back, but be very careful. You might be one of the next to disappear." That could never happen, of course. Josh, Sarah, Dave, and the others- they know God too well to be tricked by one of His enemies... Or do they? What starts out as a harmless game- a stress reliever- could be the end of the Sleepers, and the end of all of God's servants. Come along as Josh Adams and his friends learn a few unexpected lessons about deception and addiction, and a lot about themselves. Join the Seven Sleepers on their most dangerous mission yet!
