Von Duke University Press Books : Explorations in Political Psychology (Duke studies in political psychology) before purchasing it in order to gage whether or not it would be worth my time, and all praised Explorations in Political Psychology (Duke studies in political psychology):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 1 Kunden fanden die folgende Rezension hilfreich. Table of contents Von Ein Kunde The table of contents shown on this page is not the right one. The main features in this book are: 1. Interdisciplinary Cross-Fertilization 2. Attitudes and Behavior 3. Information Processing and Cognition 4. Decision Making and Choise. Greatings - Thomas Khn

Kurzbeschreibung Mapping the territory where political science and psychology intersect, *Explorations in Political Psychology* offers a broad overview of the the field of political psychology from its historical evolution as an area of inquiry to the rich and eclectic array of theories, concepts, and methods that mark it as an emerging discipline. In introductory essays, editors Shanto Iyengar and William J. McGuire identify the points of exchange between the disciplines represented and discuss the issues that make up the subfields of political psychology. Bringing together leading scholars from social psychology and political science, the following sections discuss attitude research (the study of political attitudes and opinions); cognition and information-processing (the relationship between the structures of human information-processing and political and policy preferences); and decision making (how people make decisions about political preferences). As a comprehensive introduction to a growing field of interdisciplinary concern, *Explorations in Political Psychology* will prove a useful guide for historians, social psychologists, and political scientists with an interest in individual political behavior. Contributors. Stephen Ansolabehere, Donald Granberg, Shanto Iyengar, Robert Jervis, Milton Lodge, Roger D. Masters, William J. McGuire, Victor C. Ottati, Samuel L. Popkin, William M. Runyan, David O. Sears, Patrick Stroh, Denis G. Sullivan, Philip E. Tetlock, Robert S. Wyer, Jr.
