**Von Beth Moore : Feathers from My Nest (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Feathers from My Nest (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great book for mothersVon KundeThis is a great read for mothers no matter what stage her children are in. I loved, loved,

loved this book and often give it as a gift to those that are going to be empty nesters. Beth Moore is a Christian writer and refers to much scripture throughout this book.

**Kurzbeschreibung** Beth Moore is widely known and respected as an engaging and effective speaker, Bible teacher, and best-selling author. *Feathers from My Nest* reveals a more contemplative and personal side of Beth, very much in the spirit of her *Things Pondered*. *Feathers from My Nest* is a collection of vignettes, as Beth reflects on items belonging to her daughters who have left the nest for college. As she ponders each item, rich in memories, Beth draws from its spiritual significance. This book not only tugs gently on the sentimental heartstrings of parents, it also reminds us all of the gift of grace children offer our lives every day. **de**Facing the metaphorical empty nest, Beth Moore writes, "The first morning I awakened to a house with no children, my home was quiet, but to my surprise it wasn't empty. Suddenly it felt full. Full of memories. Full of anticipation. Full of love that can somehow go with them to college and beyond, yet stay back home with us. A love that has a name. Jesus." From here, Moore reflects upon all those memories, or feathers, from her nest, showing readers how a smattering of humor and a heavy dose of faith in Jesus helped to shape and guide her mothering. At times the mood is jovial, as she recalls the divine patience it takes to negotiate who rides in the front seat during the after-school carpool. At other times, her tone is tearjerking, as in the time she discovers a wadded tissue in her daughter's bed weeks after she'd left for college. "I had no idea how long it had been there, but I knew instinctively what it meant," writes Moore. "She had been crying ...I held the Kleenex in my hand and wondered what had broken her tender heart." Written as a series of heartfelt vignettes, this sentimental and highly personal book speaks to the lasting gifts of motherhood and why it helps to raise a family within the context of Christian faith. --Gail Hudson.com
