another former fighter pilot. You sit in the cockpit with the guys of the 352nd Fighter Group. Excellent!

Kurzbeschreibung Jay Stout breaks new ground in World War II aviation history with this gripping account of one of the war's most highly decorated American fighter groups. Pressestimmen Praise for the author's Hell's Angels: "Hell's Angels is a gripping and awe-inspiring book." --Nathaniel Fick, author of One Bullet Away "It's all there--the boredom, the devotion, the horror and even the humor in an industrial war fought on a global scale that we'll never see again. Unit histories just do not get any better." --Barrett Tillman, author of Whirlwind and Forgotten Fifteenth. "Jay Stout is a triple-threat aviation historian--an experienced combat aviator, a meticulous researcher and a compelling story teller. Stout makes a hard-ridden topic seem fresh and new again. Highly recommended." --Walter J. Boyne, Author/Historian Rezension Praise for the author's Hell's Angels: Hell's Angels is a gripping and awe-inspiring book.
