God's will made plain for every person.Von Ein KundeThis short book is a delight to read. The content is thoroughly Biblical. I recommend it to every person who is seeking to know God's will for their life. It shows what the will of God is for every person from the Scriptures. God desires us all to be saved, submissive, Spirit-filled, soul-winning, and if we do these we will suffer for Christ. I gave this book to several friends. It is a must read for every believer!
