**Von Hana Greenfield : Fragments of Memory: From Kolin to Jerusalem (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fragments of Memory: From Kolin to Jerusalem (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. A Beautiful Book About A Tragic Time Von Larry Glickman This book, which can be devoured in a day, is a rarity among Holocaust stories. These short stories are all tied together in a beautiful, almost unspoken manner. If you have never cried reading a book, you may cry here. If you have never felt touched by a Holocaust story, you may feel

touched here. After reading this book, I was fortunate to travel to Kolin last year, and visit the temple where Ms. Greenfield grew up. I, along with 10 teenagers from the temple youth group of which I am the advisor, helped to clean the Jewish cemetery in Kolin. I also had an opportunity to meet Ms. Greenfield's sister while I was there. Having read the book, and then traveling to the Czech Republic to see these awful and beautiful sites, really just drove the book home for me that much more. While this in no way should be the only Holocaust book you read, it should be a part of your library.

Von hwaks@swbell.net Helen Waks A great short book describing a survivor's life through numerous concentration camps. It gives the reader a good feel of coming from a life such as any readers to the hell she was forced to endure. A great engrossing quick read!

**Kurzbeschreibung** Including a moving Yom Kippur story The extermination of Jews, political prisoners, homosexuals and other undesirables by the Nazis during the 1940s is very well documented in hundreds of historical books, but without the eye witness testimony of the few who survived this period they become almost hollow. In *Fragments of Memory*, Hana Greenfield relives the horrors of the European Jewish population, during what came to be known as the Holocaust, in spellbinding and horrifying detail. She remembers family, friends and neighbours who were subjected to inhumane treatment, humiliation, hunger and brutality on a daily basis. She recalls horror, fear and sadness, but also brief and all too infrequent moments of hope and happiness, which are often followed by yet more despair. Each story is well written in small, bite-sized chunks, and each can be read as a stand-alone piece or as part of the whole book, making it easy for the reader to dip in and out of the chapters as they please. The sheer horror of Hana's time in different camps, including the notorious Auschwitz, and the constant fear in which she was forced to live, is conveyed through these tales in a way that only one who had lived through it could deliver.
