Von Phil Geusz : Freedom City (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Freedom City (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Well written, but.....Von Andreas SchulmayerI already have got quite a few books from PG, but this one's different.Yes, the plot is intriguing, it's well written and all, but this "over the top, in your face, swallow or die stoneage-hard-core capitalism worship" had left a strange taste.Yes, you have to establish your setting, but in my point of view, this could

have been a bit more subtle and not like a right wing, tea-party 'manifest'. Though, it's still a good book, if a bit strange for it's incredible strong political favoritism, which I'm not used from Mr. Geusz. The same goes for Part 2.
