Agreement with SproalVon S. McIntyreThis is indeed a fine work. A rather detailed work as well (without getting to

gripped by technicality). If you haven't read it..beware it is not the easiest read, but it isn't a difficult one either. Prepare to spend a little time with it to grasp its full message. If you don't have this one...you need it. Grace and peace.

Kurzbeschreibung DESCRIPTION Regarded by many as Jonathan Edwards greatest work, The Freedom of the Will examines the nature and state of mans will, explaining that mans will is fallen and in need of Gods grace for salvation. CONTENTS 1. Wherein Are Explained and Stated Various Terms and Things Belonging to the Subject of the Ensuing Discourse 2. Wherein It Is Considered Whether There Is or Can Be Any Sort of Freedom of Will, As That Wherein Arminians Place the Essence of the Liberty of All Moral Agents; and Whether Any Whether Any Such Thing Ever Was or Can Be Conceived of 3. Wherein Is Inquired Whether Any Such Liberty of Will As Arminians Hold, Be Necessary to Moral Agency, Virtue, Praise, and Dispraise, c. 4. Wherein the Chief Grounds of the Reasonings of Arminians, in Support and Defense of the Aforementioned Notions of Liberty, Moral Agency, c. and Against the Opposite Doctrine, Are Considered 5. Other Books AUTHOR Jonathan Edwards (1703-1758) was a Congregational minister of New England (now USA), a friend of such men as George Whitefield and Ebenezer and Ralph Erskine. The writings he left to posterity show something of the enormous spiritual stature of this scholar and preacher of the Gospel. Other Books AUTHOR Jonathan Edwards (1703-1758) was a Congregational minister of New England (now USA), a friend of such men as George Whitefield and Ebenezer and Ralph Erskine. The writings he left to posterity show something of the enormous spiritual stature of this scholar and preacher of the Gospel. Synopsis Considered by many to be the greatest book by enormously influential American preacher and theologian JONATHAN EDWARDS (1703-1758), this provocative 1754 work explores the necessity of God's grace for the salvaging of the damaged "will" of humanity and argues that free will is an extension of and connected to the grace of God. What is the nature of morality? Can God be evil? What constitutes sin? How does God's foreknowledge of all events impact concepts of morality? How does intent inform our acts of vice and virtue? Still controversial and hotly debated in the 21st century, this demanding evangelistic work-some call it the best argument for the sovereignty of God-is among the essential reading of the thinker whose philosophies inspired the 18th-century religious of the Great Awakening, which continues to hugely influence American Protestantism to this day. Freedom of the Will will enthrall and challenge serious readers of the Bible as well as students of theology's impact on American history.
