of the State from self-rule  
Von Paul Diffenderfer  
Great Book, an honest treatment of enduring yet ever difficult ideas. One should not suppose they understand the Greek's civilization just by knowing about the imitator civilitions which have come after and tried to 'graft in' the ideas of democracy (i.e. Us!): Go to the horse's mouth! This book serves as an introduction not only to many novel ideas of the Greeks but also to the source material which exists for a more accurate study of this curious and beautiful ancient culture.

Synopsis  
The dual purpose of this book is to describe the greatest period of Greek history in all its aspects, political and military as well as economic and cultural, and to take into account the uncertainties of modern scholarship.
