**Von H. H. Scullard : From the Gracchi to Nero: A History of Rome 133 BC to AD 68** before purchasing it in order to gage whether or not it would be worth my time, and all praised From the Gracchi to Nero: A History of Rome 133 BC to AD 68:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. An excellent starting point or reference guideVon Dr. DAs a Classics undergrad, you could hardly ask for a better

reference for this time period. Scullard is a great writer, and a better historian. Well documented, and prepared with an English-speaking student in mind, it is currently alone in its niche as a guidebook or for use in the classroom. Although Scullard can be a bit opinionated and conservative, his reasoning is always quite clear and documented -- perfect for the student who wishes to go "one step beyond" and find out for themselves. HIGHLY recommended for the budding historian or classicist!

Von TammyJo Eckhart

Scullard provides the advanced class with a good solid examination of one of the most confusing and violent periods of Roman history. Using his work, one can see how a Caesar or a Pompey or even an Augustus is not only an outstanding man but a product of his society and his time. A good lesson for those who think one man can make all the difference without considering the complexity of politics and human culture.

Von Ein Kunde

From The Gracchi to Nero by H.H. Scullard is an excellent starting point for any student or enthusiast of Roman history. His explorations and explanations of the rise and fall of the military dynasts Pompey, Marius, Sulla, Caesar and Octavian are well written and fascinating. The book is extremely valuable for its detailed footnotes and thus provides the student with avenues for further analysis and research.

Kurzbeschreibung

Scullard's clear and comprehensive narrative covers the period from 133 BC to 69 AD, exploring the decline and fall of the Republic, and the establishment of the Pax Romana under the early Principate. More than forty years after its first publication this masterful survey remains the standard textbook on the central period of Roman history.
